Listener Demographics:

“I’ve been listening to you and Tim for about a month, nearly every time I’m driving in the car. Love your podcast so much – I can FEEL your enthusiasm and authenticity through iTunes. I love how real you are.”

■ *Ashley from Tennessee*

“Four years ago, I hung up my license to go train for the military. Upon returning, I had my first child on the way, and had to get a corporate job to pay the bills. For 2.5 years, I thought about real estate every day. After our second child was born, I felt that I was doomed to stay at an \$80k/year job to keep my wife home with the kids. Then I found your podcast.”

“For a couple of months, I listened to your podcast for multiple hours/day. Everything that I thought I knew about being in real estate was flipped on its ass after what you taught me. I signed up for Premier Coaching...I am looking at my sales dashboard right now, and because of what you taught me, I have \$50,000 in net commissions from 7 sides pending...and what I will do yet this year, I know that I will get to that \$200,000 mark this very first year back in real estate.”

■ *Roddy from Minnesota*

“I’ve been in the business for almost 12 years. I’m coming out of some tough times personally and professionally, but I feel like I’m rebuilding. Your podcasts are helping me with my structure, time management and motivation.”

■ *Tanya from Texas*

“I just listened to your podcast on my way to an appointment about ‘spouses and partnering’ and even though I’ve “been there and done that” over the years, what resonated the most is your straight talk and the business books about profit and micromanaging. The books you have recommended and everything you say is COMPLETELY true. I’m so excited to have found people/mentors, etc. after years of searching for the magic pill — and found it with you.”

■ *Nora from Massachusetts*

“I have been listening to the radio show for over a year. I hesitated to sign up for coaching, thinking there was so much great content on the show, how much more could there possibly be? I am floored by the amount of detail provided in the essentials program. There is NO comparison to your program and the other coaching program I was with before. I started coaching with zero prospects, and now I have tons of listings. From the bottom of my heart THANK YOU!!!”

■ *Toby from Idaho*

“I’m slightly embarrassed to say that I really enjoy the shows when you are wound up about teams, or buying leads, or easy buttons, or shiny objects, as they are the most genuine, heartfelt episodes. Your experience and your passion come through really clearly. Moral of the story: You don’t need teams, you don’t need leads, you don’t need easy buttons, YOU JUST NEED TO GET OFF YOUR ASS AND DO THE WORK.”

■ *Dennis from Virginia*
